

GLENN LAKES PHARMACY

Missouri City, Texas

Customized medications

for your individual needs

Serving our community since 1994

Glenn Lakes Pharmacy specializes in customized medications, including sterile and nonsterile preparations for patients of all ages. We compound medications according to your healthcare provider's prescription.

Ask about your prescription needs

Thyroid and menopause-related care

Customized prescriptions for thyroid disorders and symptoms associated with perimenopause, menopause and postmenopause.

Children's medications

Does your child have difficulty swallowing pills? Ask whether a prescribed liquid medication may be appropriate.

Knee and arthritic pain

Ask about provider-prescribed topical preparations for localized pain.

Colorectal conditions

Prescribed preparations in strengths or forms that are not commercially available.

Eye medications

Ask about prescribed eye-drop concentrations that are not commercially available.

Fertility medications

Ask about our fertility medication services, including unit-dose injection preparation.

Urogynecology, bladder & pelvic floor health

Bladder leaks, sudden urgency, frequent urination or pelvic floor concerns? We work with your healthcare provider to prepare customized medications tailored to your prescription and individual treatment needs.

Other areas of expertise

Weight loss and energy-related needs
Podiatry and foot care
Dermatology and skin care
Dentistry · Men's health · Hair loss
Respiratory care · Urogynecology

Medication forms

Capsules • Creams • Injections
